Dear Friends,

My financial institution now accepts ACH Auto-Payment debits from your checking or savings account, along with Credit Card Payments. Your account would be debited after the 26<sup>th</sup> of the month (24<sup>th</sup> for February) for the next billing cycle. If you are interested in ACH Auto-Payments, saving you the envelope and stamp cost, please fill out the Authorization form and return it to me and we will set you up for your next billing cycle. You will then receive your notice stating, **“DO NOT PAY, account will draft after”**, with no need for you to do anything. If you wish to stop the ACH Auto-Payment setup, just notify us 3 weeks prior and we can stop the ACH setup.

Also, please consider allowing us to send your notice by email or local fax as this saves paper and cost for all. Just add your email address or local fax number to the ACH form and return it to us.

Here is the pricing structure for cycles, giving you the choice on what you could save. The Chart below shows how the statements are sent, the payments are received, the monthly rate and the cost with tax for that cycle. **These figures are based on a tax rate of 6%**. Keep in mind that every time you send in your payment, you currently pay **.44 cents for a stamp and the cost of the envelope**.
